WORCESTER PREMIER

“Attend and Spend”

Come along to the breed premier sale and select a new stock ram or add to your ewes from the exciting catalogue of animals on offer. All the rams are fully pedigree registered, scrapie and DNA sampled - so ready to use in your flock straight away with no further bother.

Nothing beats checking your potential purchases in the flesh at the market. See them lined up in the show classes to help your choices. And just enjoy the fun of meeting up other breeders and join in with the Hog Roast on Friday evening.

If you are unable to attend in person then the Live Bidding system, through MartEye will be running for you to view and buy from the comfort of your own home. Please make sure you have registered with McCartneys at least 24 hours before the sale.

We are sorry that we are not able to offer direct export from the market this year. This means that if you are a buyer from NORTHERN IRELAND or any EU Country you cannot move the sheep direct from the sale. We welcome you, but please remember that rams will have to return to the farm of origin for 60 days and females 30 days before they may be exported. Please speak with the vendor to check if they are willing to do this and what costs may be involved.

**Any queries about the sale then please contact the BCSS office
or Clive Roads and James Amphlett at McCartneys.

Breed Secretary & Inspection Steward - Mrs Carroll Barber
Main Inspector - Andrew Thomas, MRCVS
Society Inspector - Robert Gregory

General Information

LOCATION - The sale will be held at Worcester Livestock Market, The Heath Meadow, Nunnery Way, Worcester WR4 0SQ

MOVEMENT LICENSES - All vendors must hand in a completed General Movement License and also a current Sheep & Goat Health Scheme certificate. The market holding number is 17 521 8000-01. Intending purchasers should have their CPH number ready to complete the correct movement license before departure from the market.

MINIMUM SELLING PRICES - The minimum selling prices for the Worcester Premier Sale are:- Empty Shearling Ewes - 500gns, Rams, Senior/Shearling - 600 gns, Ram lambs - 500 gns

ALL FEMALES - offered for sale are warranted not to be in lamb. Should the situation arise that a ewe proves to have been in-lamb at the time of the sale, then if within fourteen weeks after the day of sale a female sheep warranted not in lamb as aforesaid proves to be in lamb and within sixteen weeks after the day of sale the purchaser gives to the auctioneers written notice supported by a certificate signed by a veterinary surgeon such female sheep has been proved to have been in lamb then if the sheep lambs naturally at a date which proves it to have been in lamb at the date of sale either the purchaser may return the sheep and her lamb if any to the Vendor or at the sole option of the Purchaser the Vendor shall pay to the Purchaser as and for ascertained and agreed liquidation damages to cover all expenses depreciation in value and other damages whatsoever a sum equal to 25% of the purchase price of the sheep.

INSPECTION - All sheep will be inspected by the Society's Official Inspector before being allowed forward for sale. All sheep must have been paint branded with their lot number prior to arrival at the market. Any sheep being rejected must be removed from their pens.

BIOSECURITY - Intending purchasers are requested to have livestock vehicles cleansed and disinfected. Vendors will be required to wash out their livestock vehicles after unloading.

SCRAPIE GENOTYPE RESULTS - All sheep in the sale have been tested to establish their scrapie genotype and are all Class 1 (ARR/ARR). Whilst the Society will make all possible effort to provide purchasers with the correct information, they can in no way be held responsible for any error or omission of information. If breeders wish for more information on scrapie genotyping and their use within a breeding

programme, they should contact the office.

DNA TESTING - All MALE sheep in the sale have had samples submitted for DNA analysis.

MAEDI VISNA - All sheep are from Maedi Visna Accredited flocks. Prospective purchasers wishing to join the scheme should consult the Sheep & Goat Health Schemes, P.O. Box 5557, Inverness, IV2 4YT
Tel: 01463 411103 before the arrival of sheep onto their premises.

SCRAPIE MONITORED FLOCKS - A number of flocks in the sale are Scrapie Monitored, these are marked in the list of vendors. A reminder for Scrapie Monitored flocks if you wish to add sheep to your flock they either:

- must come from another SMS flock OR
- be tested ARR/ARR. Although all animals in the sale are ARR/ARR, some may require an additional blood test taken by a veterinary surgeon and the analysis completed by SAC in order to comply with the scheme rules.

PEDIGREE CERTIFICATES - Pedigree certificates together with certificates for scrapie genotype will be available from the Auctioneer's office on the day of the sale. All animals in the sale are Full Pedigree Registered.

SUBSTITUTE ENTRIES - Substitute entries may be offered for sale. A separate catalogue listing these animals will be available on sale day. Any such sheep will be marked with a red dot next to their lot number.

METHOD AND ORDER OF SALE - All stock will be sold in guineas (105 pence) and strictly in catalogue order unless any alteration is announced by the auctioneers.

CONDITIONS OF SALE - The Sale is held subject to the Society's Auction Rules and Conditions of Sale and to the Auctioneer's General Conditions of Sale.

COMMISSIONS - The Auctioneers will faithfully execute commissions to purchase for buyers unable to attend the sale in person, upon receipt of instructions in writing delivered to their offices 48 hours in advance of the sale.

SETTLEMENT & CLEARANCE OF STOCK - Settlement in full is due to the market auctioneers, Messrs McCartneys Ltd, immediately at the close of sale.

SEMEN - Ownership of all semen rights shall be deemed to pass to the new owner. The vendor of a ram may elect to retain semen for their own use or for sale to a third party if this is stated in the sale catalogue and re-iterated by the auctioneer at the time of sale.

AWARDS - No prizes, rosettes or cards from any other shows to be displayed.

CONDITIONS OF ENTRY/INSPECTION - The inspection panel shall consider the points listed below. The Society's inspector is empowered to disbar any animal from the sale which does not comply with any of the matters contained in clauses 1 - 7. The inspector's decision shall be final and binding to all concerned and neither the inspector, the Society, nor the Auctioneers shall be liable to the owner of such animals or any other person or company for damage or for any loss arising out of such rejection.

- That the animal's identification is as required by legislation and the Society and corresponds to the ear number as entered for sale. Animals without the correct identification will be rejected from the sale.
- The animal is not suffering from any infectious or contagious disease.
- All rams must have two adequately sized testicles of approximately the same size and normal consistency.
- That the animal is of a quality commensurate with the level set by the Society and is of adequate weight for the age and shows no malformation in structure.
- The teeth are in the correct position. Account will be taken of the age of the animal.
- There is no abnormal deviation in the structure of feet and/or legs.
- Ewes shall be sound in udder.

Inspection is a condition of entry of the Society and compliance with this inspection shall in no way form a guarantee to the purchaser of the animals so inspected.

FERTILITY GUARANTEES - RAMS & RAM LAMBS

(i) All rams and ram lambs are warranted by the seller capable of natural and effective service within four calendar months from the date of the sale. In the case of Worcester Premier Sale, this warranty is extended to four months. If at the expiry (the male fertility guarantee period) the ram or ram lamb has failed to prove himself capable of natural and effective service and a veterinary surgeon's certificate is lodged within 14 days from the date of expiry of the male fertility guarantee period with the auctioneers specifying that the ram is so incapable and further that the veterinary surgeon has inspected the

buyer's breeding ewes and found them to be in normal responsible breeding condition and not in the aforementioned incapacity then the buyer may return the animal to the seller.

(ii) The animal shall be deemed incapable of natural and effective service if it fails to make at least one ewe pregnant during the male guarantee period under natural breeding conditions and is so certified as being incapable by veterinary surgeons certificate aforementioned. The Society recommends that the veterinary surgeon follows the "Guidelines on the examination of rams for breeding" and also the "SVS Examination Certificate" as issued by the sheep Veterinary Society.

(iii) The buyer shall during the male guarantee period give the animal full and sufficient opportunity to prove that he is capable of natural and effective service.

(iv) Ewes which have been "sponged" and or treated with hormone treatment to induce or synchronise ovulation shall not for the purpose of this guarantee be "in normal condition".

Members and all those handling sheep are reminded of the need to act responsibly and with animal welfare in mind whenever handling sheep. With many Society events now being streamed live or filmed for later publication it is important that Society members take care to ensure they present a responsible and ethical image of the sheep industry at all times. Of particular note is the handling of sheep in show and sale rings and the use of crooks to display sheep in sale rings at major sales. The use of crooks is at the owner's discretion, but should only be done to aid the movement of sheep around the sale ring and to showcase the animal. Excessive use of crooks to push or beat sheep is to be avoided

I must be mad selling this one, full brother to What a Boy 15000gns and full sister to the current female record holder at Worcester premier sale of 3,900gns. This one will breed, just like her brother did for Jeremy Price. Skin, natural fleshing, backend, topline, flash and correctness what more do you want, she would slot straight into any flush team.

Another ewe from our best breeding females here at Cavick. 22675 was purchased privately from the ingrains for £3000 and has done some job. The ewe breeds back end top line and skins, mixed with Loanhead Vanquish it's just muscle power. A tup breeder, mother bred Cavick Boom Boom the first lamb in our pen.

Another powerhouse, the dam was purchased from the Ingrams for £4500 and was my pick of the flush ewes. A huge ewe with some serious flash, mixed with Vanquish has clicked so well. As I'm writing this, I didn't realize how this gimmer was bred, so I'm quite annoyed. We don't have many bred this way. Look at the head this will breed some flash and power.

WIN a Heatwave Milk Warmer worth £550. This is a valuable asset for rearing orphan lambs. Heatwave Milk Warmer uses a heat exchange technology to heat the milk on demand instead of it always being warmed. This keeps the milk fresher for longer. You could feed up to 50 lambs. Easy to clean, needing just around 5 minutes once a day to keep in a good hygienic condition.
